AMWA'S 12 POINT PROGRAM

1. Generous scholarship loans to women medical students.
2. Recruitment of more and well-motivated women into medicine.
3. Awards and citations to senior women medical students for scholastic achievement.
4. Junior AMWA Branches in medical schools offered counseling, hospitality and program aid.
5. Annual Meeting of the House of Delegates and Scientific Session (Cincinnati, Ohio, November, 1969.)
6. Branch projects such as roster of part-time medical work for the woman physician with a young family; community participation in health projects; providing lecturers on health programs.
7. Co-operation with AMA in hospitality room for all physicians at AMA meetings; in recruitment programs; with AMA committee on education and hospitals in supplying part-time medical womanpower to fill medical manpower shortage.
8. Archives Committee collection of biographies on medical women of the United States.
9. Committee on Medical Education and Practice has completed three pamphlets: "Medicine As a Career for Women" for the college-age girl interested in medicine, with analysis of special adaptability for the young woman who wishes to integrate home and family with her profession; and two of a series of "Career Choices for Women in Medicine."
10. International Relations: (1) co-operation with the U. S. State Department in hospitality to foreign physicians; (2) counseling foreign physicians regarding medical postgraduate opportunities in the United States; (3) membership in the Medical Women's International Association resulting in co-operation with women of 23 countries, and (4) international medical service projects through board representation and encouragement of support to American Women's Hospitals and Care-Medico.
11. Co-operation: (1) with the Women's Bureau, U. S. Department of Labor and the President's Committee on the Status of Women in the study of the medical phase of womanpower; (2) in a tax relief study for all women physicians who must employ domestic help in their homes.
12. Monthly publication of The JOURNAL of the American Medical Women's Association with scientific articles, Association news, and the achievements of women in medicine.

American Medical Women's Association

Representing Women in Medicine for 54 Years
